# Cristian David Miranda Garcés

Systems Engineer | Data Science & Machine Learning

Cereté, Córdoba, Colombia | Phone: +57 321 597XXXX | Email: cristianacdsx5@gmail.com

## PROFESSIONAL SUMMARY

Systems Engineer focused on data science and machine learning, with experience analyzing and processing information to support decision-making. Works with Python and R and is committed to continuing to strengthen skills in machine learning models and data analysis. Adapts easily to teamwork and enjoys contributing in collaborative environments oriented toward innovation and professional growth.

## EXPERIENCE

**AI Model Trainer (Freelance) - Outlier AI | 2024 - 2025**

- Trained and evaluated artificial intelligence models by creating, optimizing and fine-tuning prompts.
- Corrected grammatical, semantic and logical errors in model-generated responses.
- Reviewed, debugged and optimized automatically generated code snippets.
- Applied quality control and result validation processes, working on a freelance, paid-per-task basis.

**Private Tutor (Informal) | 2019 - Present**

- Provided private lessons to children at their homes, reinforcing school subjects and explaining homework.
- Adapted content to each student's individual needs to improve comprehension and academic performance.

## EDUCATION

**Systems Engineering Degree - Universidad de Córdoba | 2024**

**Diploma in Machine Learning - Universidad de Córdoba | 2024**

- Hands-on experience with R Studio and Python.
- Studied supervised and unsupervised learning techniques, as well as data cleaning and preprocessing.

**Life Skills Program - SENA | 2019**

**High School Diploma - IE Santa Teresa | 2017**

## TECHNICAL SKILLS

**Programming and Data:** Python, R / RStudio, Databases, HTML, CSS, JavaScript
**Tools:** Microsoft Office / office productivity tools

## SOFT SKILLS

Leadership, multitasking, problem analysis, finding efficient solutions, effective communication, teamwork

## LANGUAGES

Spanish (native) | English (intermediate)
